## CONSIDERACIONES GENERALES

En la presente publicación, el Instituto Nacional de Estadística y Censos, da a conocer las cifras correspondientes al intercambio comercial mantenido con los países integrantes de la Asociación Latinoamericana de Integración, durante los años 1983 y 1984.

En el mismo se incluye el detalle de las cifras clasificadas por partidas del código NABALALC, dentro de cada país, y por países dentro de cada partida, tanto para las exportaciones como para las importaciones.

Para la interpretación de los tabulados, se agrega una nómina completa de los productos que tuvieron movimiento en dicho período, con la indicación, en cada caso, del número de partida asignado en el código NABALALC, adicionando las posiciones 8a. y 9a. que permiten su correlación con la Clasificación Uniforme del Comercio Internacional (CUCI).

Además se detallan los países componentes de la ALADI, con su código respectivo.

Cabe señalar que, dentro del cuadro de las exportaciones, se hallan comprendidos todos los embarques realizados con destino a los países integrantes de la zona, siempre que el producto estuviese incluido en las respectivas listas nacionales; vigentes en los respectivos años, para cada uno de ellos. Por su parte, el cuadro de las importaciones comprende las mercaderías que figuran en la lista nacional argentina y que han sido despachadas a plaza procedentes de los países de la Asociación.

En ambos casos se incluyen, además como productos negociados, los que sin figurar en las listas nacionales, están comprendidos en acuerdos de complementación o convenios de cooperación económica.

Esta publicación contiene, además, cuadros en los que se consignan, para cada uno de los países miembros de la ALADI, las cifras comparativas de los años 1983 y 1984, correspondientes a los totales del comercio global y de los productos negociados clasificados, asimismo, conforme a las Secciones de la Nomenclatura del Consejo de Cooperación Aduanera (N.C.C.A.).

En números anteriores, se utilizó el código NCCA ALADI, cuando la nomenclatura vigente es el NABALALC ya que recién en el año 1986 se producirá el cambio de denominación. La misma se llamará NALADI. En los documentos aduaneros figura también erróneamente NABALADI.
